

# **Eighteenth Annual Report and Summary of Accounts of the Board of Governors of Oakgrove Integrated Primary and Nursery School September 2008- August 2009**

School inspectors are careful with their choice of words. They once informed us that the most praise any school could expect was 'satisfactory'. When the Board of Governors received the 'Report of an Inspection carried out in March 2009' we hoped for good news, written with the characteristic reticence of the civil service. What we got was luminous, unreserved praise for every aspect of the school covered by the inspection. Their summary is reproduced below:

- *the happy, caring, inclusive ethos which helps promote learning and teaching;*
- *the quality of teaching observed, the majority of which ranged from good to very good, and on occasions is outstanding;*
- *the excellent working relationship at all levels;*
- *the effective strategies in place to support and encourage positive behaviour for all of the children;*
- *the very good quality of the provision for children with special educational needs including the work of the special educational needs co-ordinator and the classroom assistants;*
- *the standards achieved by the children in literacy and numeracy, which are in line with their abilities;*
- *the outstanding leadership of the Principal supported by her Vice-Principal; and*
- *the effective links with parents and the wider community.*

**Our profoundest gratitude extends to everyone, named and unnamed, who has contributed to another extraordinary year for the school.**
